

# BSS SCHOOL (PARENT) COUNCIL

Is your student not telling you anything about what is happening at school?  
Are you feeling left in the dark?  
Did you even know there were parent-teacher interviews tonight?  
Do you have teenager or school related issues that you would like more information on or discussion about?

## Then **BSS SCHOOL (PARENT) COUNCIL** is the Place for you!!

School Council is not about FUND raising and you won't be volun-chosen for other duties -it is all about information sharing and discussion.

*At each meeting an update on school related activities is provided by the student council chairs, teacher rep and our principal, Heather Hight. It is an excellent way of staying informed about what is going on at BSS and what opportunities are available for your student both academically and otherwise.*

School council members also identify topics of interest for presentation/discussion at future meetings or extra special interest sessions. Plans are in the works for presentations on some of the following topics this school year:

1. *My Blueprint*
2. *Google Chrome Extensions that support reading, writing and researching (to help students and adults a like!)*
3. *Individualized Education Plans*
4. *OPIOD crisis in Kingston*
5. *Getting Your Teen Organized*

And we have space for more ideas!

The dates for this year's remaining meetings are:

**Nov. 22, Jan. 17, Feb. 28,  
March 28, April 25 and  
May 30.**

*Can't make it to the School Council meetings but still want to stay informed?*  
**No Problem!**
